AP Statistics Summer Assignment

General Assignment:

Use the textbook Stats Modeling the World 3rd Edition. It is available on-line through this link: http://phschool.com/ and use the code aze 0641 and press "go" in the course content fields.

Read Chapters 1, 2, and 3 in the textbook Stats Modeling the World 3rd Edition. Complete the problems below. Be sure to have your completed assignments by the first day of school.

Chapter 1: Read this chapter. The features of the textbook will be discussed here.

Chapter 2: Read then complete Pg. 16 #1, 3, 7, 9, 11, 13, 17, 23, 25

Chapter 3: Read then complete Pg. 37 #5, 7, 9, 11, 19, 21, 23, 25, 29, 31, 33, 37, 39

The total time commitment to complete this work is not that great. **I suggest you complete it within 2 weeks of the start of class.**

Also: If you are most interested in improving your GPA, **you should take honors probability and statistics class.** It is much easier to get an A in honors stats and get a 4.5 for the year. AP is for students that are trying to get college credit. This class is also much more difficult than honors stats.

Printed name: _____

Signed name: _____

Parent name: _____

Email: _____

Phone #: _____

Both stats classes are great classes. The majority of students that take honors stats report back to me that their college course was very similar and a breeze because they took honors stats in high school.
