

POLK EDUCATION FOUNDATION SCHOLARSHIP

- <http://www.polk-fl.net/students/collegeandcareer/financialaid/pefscholarships.htm>
 - Read the directions thoroughly before starting on your application.
 - Only apply to the scholarships for which you are qualified.

- The scholarships require that all information be up to date in student records (Genesis, our computer system).
 - **This information includes Community Service Hours, SAT/ACT, GPA, address, etc.**
- Students must have their hours documented and submitted to the Guidance Office in advance of the application opening.
 - **There will NOT be an option to update any information.**
- Handwritten changes on an application after submission are not accepted, and again, the application program would not even allow the student to apply for those awards with a minimum requirement they do not meet.

Once the scholarship application has been submitted no changes will be allowed.

- **Scholarship packages are due into the Guidance Office by noon, March 15th.**
- **No extensions will be permitted. All materials must be submitted by this time.**
